Nimbus Managed Services customer refunds

Owner: Customer Operations. Access scope: workshop-public.

Version: 2026.2. Effective date: 2026-09-01. Supersedes previous-policy.html.

Applicability

Nimbus Managed Services purchases only. Nimbus Core self-service subscriptions use ../source-03/refunds-current.html. Identify the offering on the invoice before selecting a policy.

Limits and eligibility

Purchase type	Request window	Refund amount
Monthly subscription	7 calendar days	Unused prepaid balance
Annual subscription	14 calendar days	Unused prepaid balance
One-time setup	Before work starts	100% of setup charge

Rule and exception

Requests must arrive within the window measured from purchase. Exception: a verified duplicate charge may be refunded within 60 calendar days even when the normal window has closed. Used service and completed setup work are not refundable under the ordinary policy.

Calculation or timing

Unused prepaid balance = prepaid charge x remaining full days / total days in the paid term. Round once to the nearest cent. Taxes follow the original invoice allocation.

Processing

After approval, issue the refund to the original payment method within 5 business days. Bank posting time is outside this commitment. Employee travel claims use ../source-04/current-policy.pdf; they are not customer refunds.

Related document: operational-notice.png contains a supplemental notice. Check its effective period before applying it. Contractual service credits are governed separately by ../source-26/current-policy.html.
